

We are contracted (in-network) with the following plans:

- Aetna PPO
- Blue Cross Blue Shield of Arizona PPO
- Cigna Radius PPO
- Delta Dental PPO
- Metlife PPO

Even if we are not in-network with your dental insurance, it does not mean that you cannot be seen in our office. We accept most PPO dental insurance plans. We will file claims for you and accept assignment of benefits whenever we can. If you don't understand what this means, that's okay. Our insurance specialist can help you better understand your dental plan and our office will work with you to maximize your benefits.

A note about dental insurance: Please don't let your insurance company dictate your oral health! At Studio B Smiles, we are committed to providing our patients with the highest level of quality and care. Unfortunately, your insurance company is not concerned about the quality of your dental treatment, but rather saving money by covering the least expensive and often the lowest quality option to treat your teeth. No matter what, we will always recommend the best option for your health. Sometimes this might mean that the insurance company does not completely cover the charges. This being said, we promise to always strive to ensure that our service and quality warrants the difference between what the insurance company covers and what is best for your oral health.
